Dear Rabbi Reuben,

On behalf of the agencies and their clients that receive Westside Food Bank's food, I would like to thank you for the 26,650 pounds of food Temple Kehillat Israel donated to us as part of your congregation's Rosh Hashanah and Yom Kippur services. This is once again a KI record, and it is the most food we have ever received from any single organization in a food drive!

In a year when the local need for food assistance has increased by approximately 40%, having your high quality food available for distribution to our member agencies is truly a godsend.

Please know that with your inspiration and that of the whole KI Rabbinic team and, so significantly, Rachel Jeffer, the members of Temple Kehillat Israel have contributed greatly towards easing the growing pressures placed upon families and individuals struggling to make ends meet here on the Westside.

Thank you again for supporting the work of Westside Food Bank.

Sincerely,

Bruce Rankin
